

GHEMCO
METAL PRODUCTS

cata
log

Ghemco Metal Products is a sheet metal fabricator that specializes in home, motor home, travel trailer, camper, and both residential and commercial roofing industries. Our company has over 35 years of experience fabricating custom galvanized sheet, hot-rolled, and cold-rolled metal parts to customer specifications. Through dedication to craftsmanship, technological advancement, and sustainable practices, we aim to build lasting partnerships and contribute to the industries and communities we service.

GHEMCO

METAL PRODUCTS

A close-up photograph of a metal shearing process. A dark, textured metal punch is positioned above a piece of metal that is being cut. A bright green laser line is visible along the edge of the metal being cut, indicating the cutting path. The background is blurred, showing more of the industrial setting.

We specialize in creating custom metal components for mobile homes, RV production industry, and custom metal fabrication. Our expertise in shearing work and the production of specialized metal parts are beneficial for a variety of industries of high-quality, reliable parts. We follow your designs that are crucial for the efficient and safe operation of your final product.
